**Sophie Castonguay : Unleash Your Inner Florist: How to Make Wedding and Special Event Flowers** before purchasing it in order to gage whether or not it would be worth my time, and all praised Unleash Your Inner Florist: How to Make Wedding and Special Event Flowers:

2 of 2 people found the following review helpful. YES, I RECOMMEND THIS BOOKBy Lali PartsvaniaHi! The first time when I have received the book I did not like it -pictures quality is not good. But when I read I was happy that I bought it. The book has detailed description floral artist work, as well as how to take care about different flowers and foliage, how to buy flowers from local florist or on-line, what disinfectant you can use and how much to keep flowers looking fresh longer, what temperature and humidity is good for them. The author of this book explains what is difference between boutonnières, corsages and wristlets, how to make boutonniere or corsage, wristlet, floral comb,

crown, bridal and hand-tied bouquets, how to make bow, where and how to store everything, also she gives cake toppers ideas, shows how to make centerpieces and many other things. The book is good especially for beginners. I recently have finished some classes of floral design and this book was very useful for me. YES, I RECOMMEND THIS BOOK. 0 of 0 people found the following review helpful. did not have the information I needed By Rosemary Although the reviews made it sound like this book would be the guide I needed, it did not give the kind of details, or provide as many options for wedding floral arrangements that I anticipated.

Florist Secrets Revealed? Learn how to create beautiful fresh or silk flower bouquets and corsages with professional, long lasting techniques.
